# COCKTAILS

## WELLOE OG (J)

This cocktail brings the sun sea and sand into one drink. Yes, we have all that on our doorstep, but this pineapple and coconut rum-based cocktail will enhance your holiday feels.

## WELLOE-RITA (J)

This 1930's cocktail has been around for some time, and there's a reason for that. The sour and sweet notes in this tequila-based cocktail balance perfectly, creating probably one of the most sophisticated cocktails.

## PRAA SANDS FRUIT MARTINI

This cocktail is a fruity master. The sweetness from the orange cutting through the passionfruit makes this vodka-based cocktail go down a treat!

## MOJITO (J)

This cocktail is another must have classic. The freshness of the mint and sourness of the limes, makes this rum-based cocktail the perfect summer drink. **WHY NOT MAKE IT A RASPBERRY MOJITO?**

## WELLOE GIN RAS (J)

This cocktail is simple yet still one of the best cocktails out there. The bitterness from the brambles and sweetness from the sugar makes this one of the best gin-based cocktails.
